

Long Range / Long Life

StiknSense

'fresh'

StiknSense – 'fresh' is a compact, waterproof Bluetooth sensor built to monitor fresh produce conditions across the supply chain.

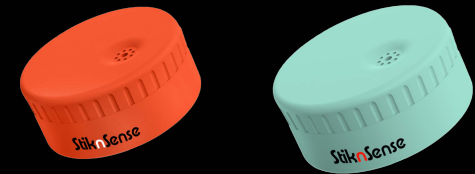

It accurately tracks **temperature, humidity, and movement**, storing up to 40,000 readings and transmitting data in near real time — all without the need for SIM cards, GPS, or other external infrastructure.

Designed for harsh environments with an IP67-rated enclosure and a replaceable battery lasting over 4 years, StiknSense 'fresh' is ideal for protecting freshness and quality during transport, cold storage, and produce handling.

Key Benefits:

- Battery life up to 4 years (low maintenance, long-term use)
- BLE range up to 300 meters in open environments
- IP67 waterproof and impact-resistant housing
- Temperature, Humidity & Accelerometer
- Supports OTA firmware updates

Dimensions:	39mm x 17mm
Color:	Mint/ Orange/ Custom
Material:	PC+ABS
Weight:	24g
IP Rating:	IP67
IK Resistance:	IK08
Battery Capacity:	1000mAh
Operating temperature:	-40 C/+80 C
Transmission range:	Up to 3000m (In open area without obstacles)
Installation:	3M sticker
